

Help Our Adoptable Cats Live in Cage-Free Spaces!

Where true "PURR-sonalities" come together

We're very excited to be expanding our existing shelter to create more "feline friendly" housing options for our adoptable cats! Plans include building new "Community Cat Rooms" where small groups of cats will share the benefits of natural light, outdoor views, and healthy activity. "Cage-free" living spaces provide a more relaxed environment where cats are able to express their true character by socializing with each other and potential adopters. Healthier, happier cats lead to more successful adoptions!
